AGING TRANSPORT SYSTEMS RULEMAKING ADVISORY COMMITTEE (ATSRAC)

OVERVIEW:			
SUB-TASK#	**DESCRIPTION**	**ESTIMATED COMPLETION DATE**	**STATUS (RED/GREEN/YELLOW)**
TASK 8.1	**Establish Harmonization Working Group (HWG)**	**June 2001**	**Green / Done**
TASK 8.2	**Coordination with other ATSRAC HWG's**	**July 2001**	**Green**
TASK 8.3	**Develop Guidance for Wire System Training Program**		
	Start	**June 2001**	**Green**
	Technical Agreement	**November 2001**	**Green**
	Final Agreement	**June 2002**	**Green**
	Include Updates from other WG's and Financil data	**October 2002**	**Green**
Assistance Needed:	None at this time.		

AGING TRANSPORT SYSTEMS RULEMAKING ADVISORY COMMITTEE (ATSRAC)

Sub-Task # 8.3	Description: Develop Guidance for Wire System Training Program

Concept:
- Based on the results of WG 5 identify different target groups for receiving the training
- Identify the content of the minimum required training for every target group (depending what they do on the aircraft)
- Present the WG proposals (AC and appendices) to ATSRAC for approval

Work Plan:
- Identifying the target groups depending from their tasks on the aircraft
- Select the detailed minimum training items for every target group
- Presentation of the proposal to ATSRAC for approval
- Update of the results depending on the inputs of ATSRAC or other WGs

Deliverables:
- Detailed training program for each target group

Status:
- 8 different target groups are identified
- Minimum training content for each target group is selected
  Note: 7th and 8th target group were added to cover flight personnel.
- AC wording and appendices are completed.

Roadblocks:
- None at this time

Assistance Needed:
- None.

AGING TRANSPORT SYSTEMS RULEMAKING ADVISORY COMMITTEE (ATSRAC)

Sub-Task # 8.3	Description: Develop Guidance for Wire System Training Program

Results
- Target groups and training identified.
- Draft AC and appendices written.
